REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claim 9 has been found to be allowable over the prior art because the prior art fails to teach or suggest a watch case comprising two juxtaposed cases each contains an electronic movement, a back cover, a middle part and a crystal, each of said two cases having two coaxial holes in said middle part, an axis of said two coaxial holes in a first of said two cases being substantially parallel to an axis of said two coaxial holes in a second of said two cases, and two connecting bars on sides of said two cases, wherein ends of said two connecting bars are rotationally mounted in respective ones of said two coaxial holes, and wherein said ends have projecting parts inside said two cases that each has a groove cooperating with a wedge to prevent axial movement of said two connecting bars, in combination with the remaining limitations of said claim.

Claims 10-15 have been found to be allowable as being dependent upon the allowable claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeanne-Marguerite Goodwin whose telephone number is (703) 305-0264.
